

BE STILL AND KNOW THAT HE IS GOD

By: Teneisha Johnson

Be still and know that He is God

He parted the Red Sea, He brought the flood

If you have a question about what He needs you to do

Wait for your instructions, for He has chosen you

God is within you; you will not fall

God will help you at the break of day, to overcome it all

Though nations are in an uproar, we pray for all of them

We meditate on God's promises from Psalm 46:10

Be still and know that He is God

One day, his son will return and reveal every fraud

There is still a blessing upon Little Cayman, Cayman Brac, and Grand Cayman

We, the people, take action and pray for restoration to our land

Jesus is within you, He is within me

With the Holy Spirit, we will always have victory

Let us reclaim our heritage

Everyone, both young and old

Therefore, I say, be still and know that He is God; thus, we have every right to be bold!
