

THE ULTIMATE SACRIFICE

By: Teneisha Johson

Marching to one sound, one beat
In God's Kingdom- push forward my feet
So bold, so strong, I'll overcome
I look to heaven, thy will be done

ATTENTION Youth! The signal that is sent

Are you ready, soldiers?

AMEN Ma'am! AMEN!

I march every day for the future of our Island

Our people, our culture, the crystal waters, and our white sand

God said we are blessed; we are a mighty nation

Although we've been through some Trials & Tribulations

Think back on all he has brought us through

Hurricane Gilbert, Hurricane Ivan

And the effects of 9/11, too

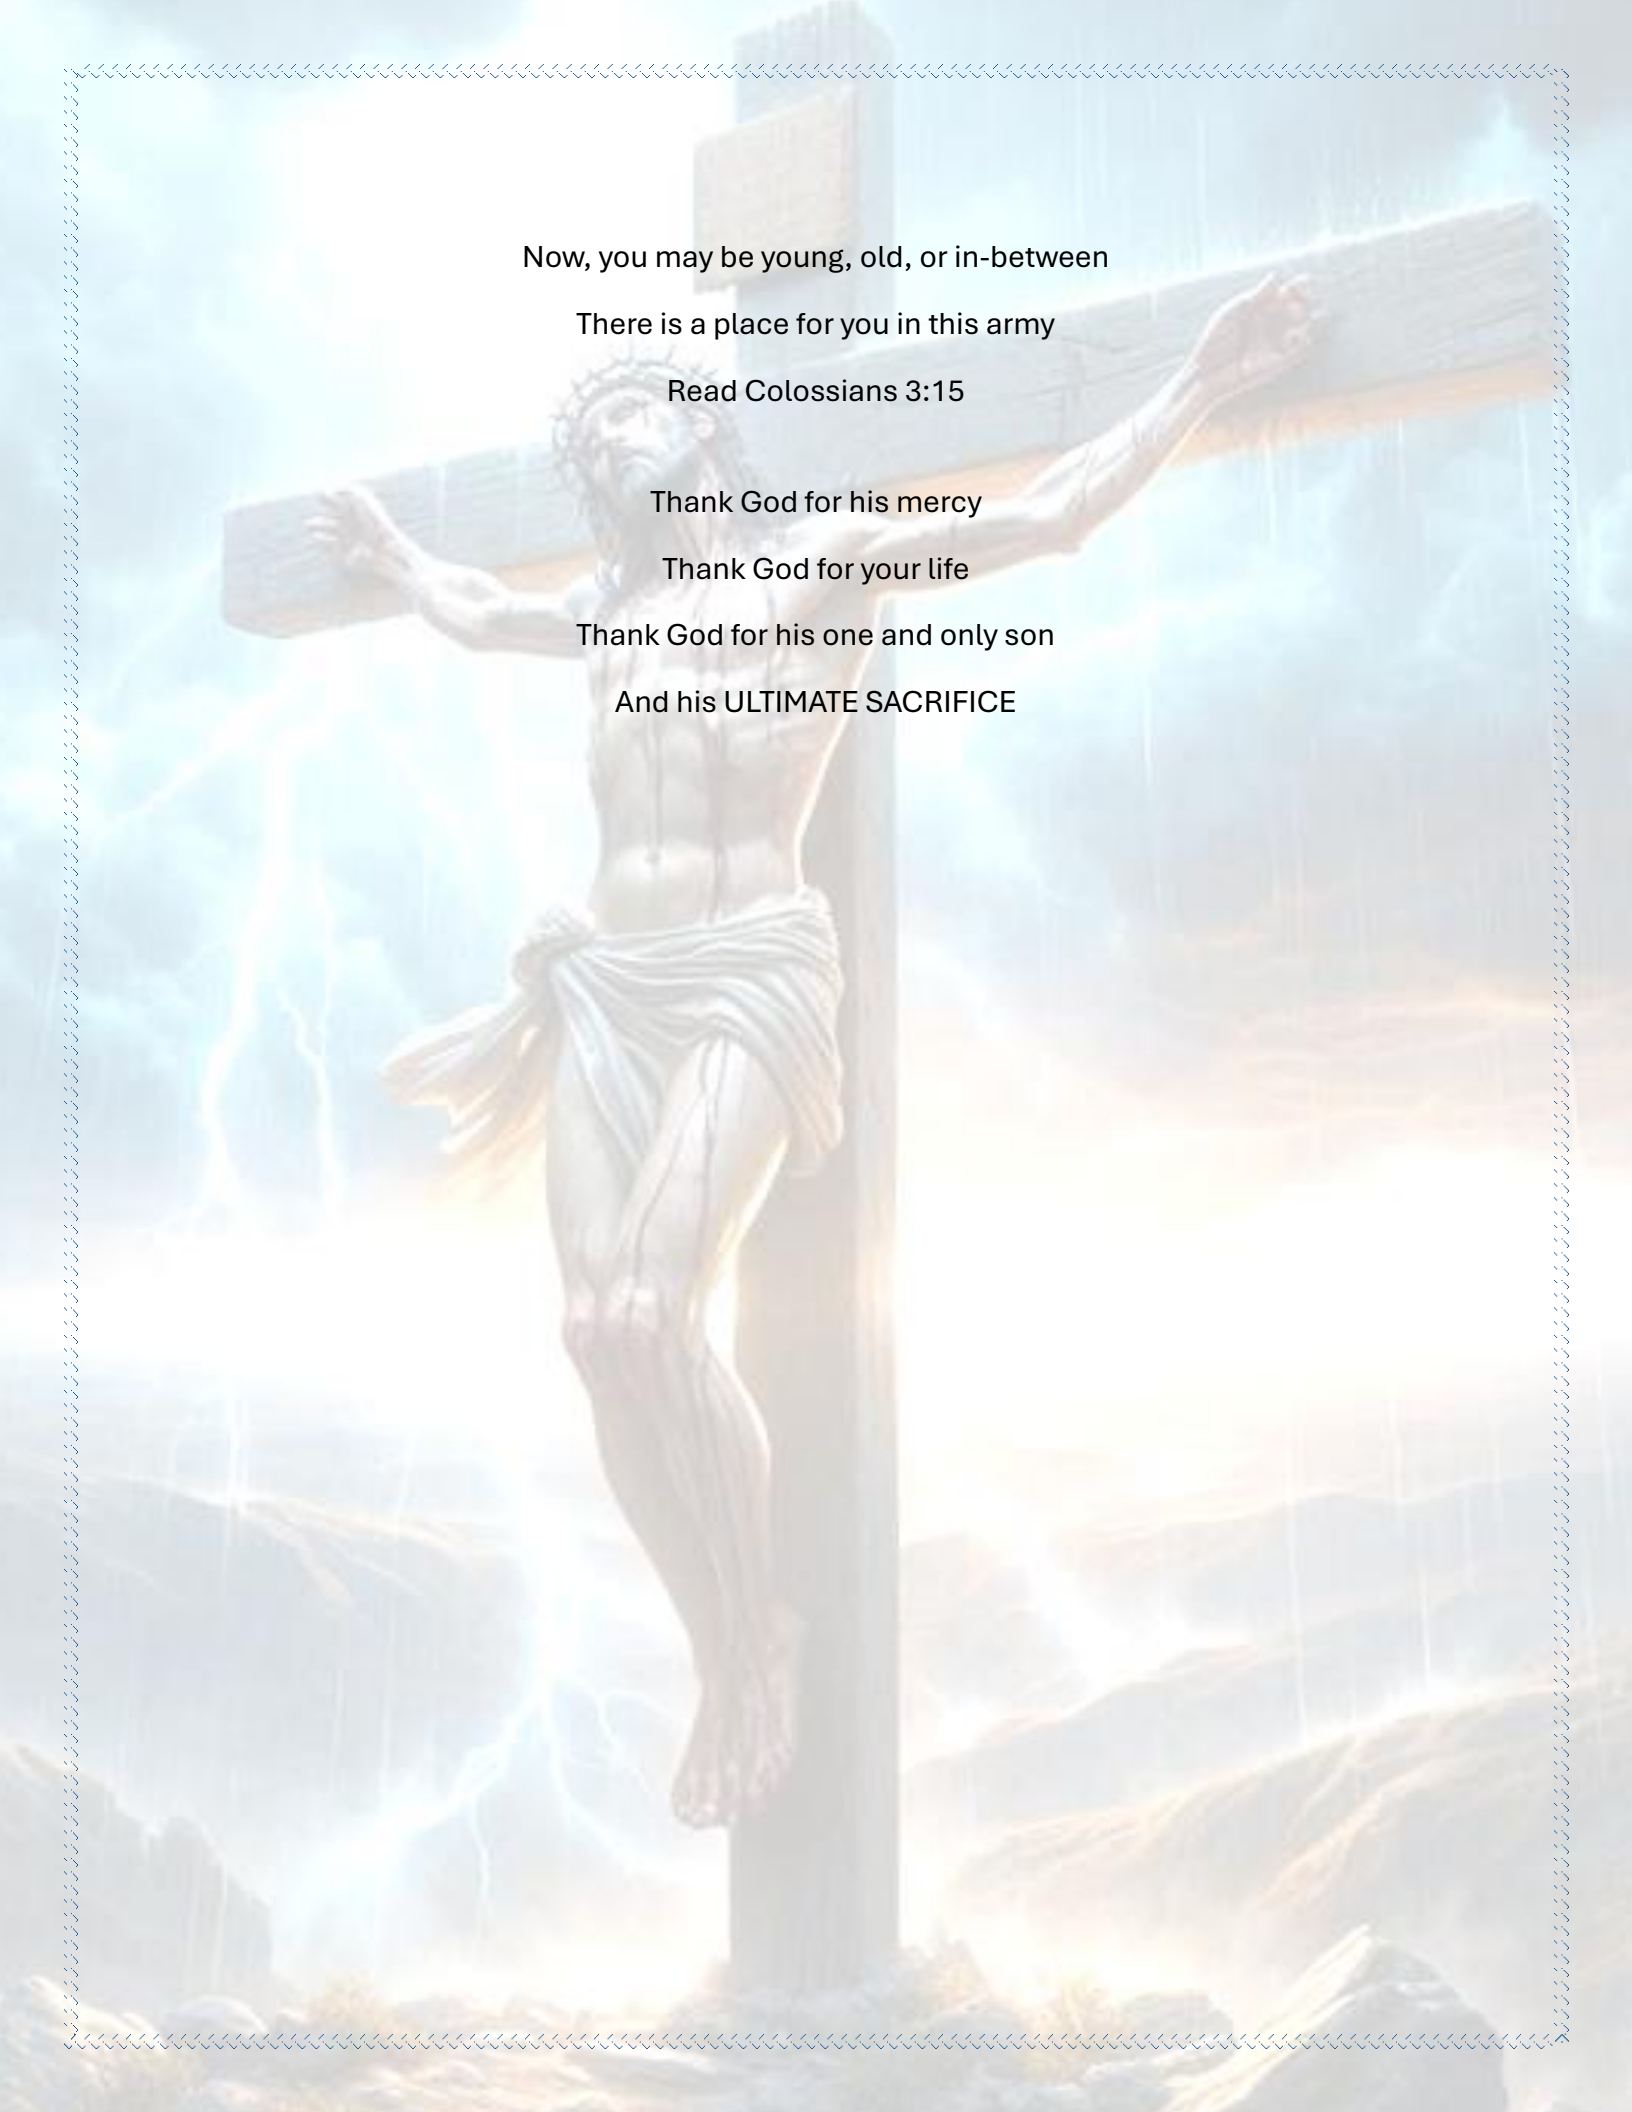

Soldiers! Yes Sir!

This is the battle cry

Pick up your shields of faith and testify

JESUS is Lord over the blessed land of Cayman

With him I march, and with him I stand

Now, you may be young, old, or in-between

There is a place for you in this army

Read Colossians 3:15

Thank God for his mercy

Thank God for your life

Thank God for his one and only son

And his **ULTIMATE SACRIFICE**
